JLL's Virtual “Online” Tutoring Program is designed to help your child stay engaged and complete school homework and assignments

Qualified Tutors provide your child with one-on-one tutoring

Qualified Tutors assist your child with homework and assignments

Sessions are 90 minutes (1 - 3 days a week) in an online environment

Assessments are done to determine the child's learning ability. Based on the results of the assessment, tutoring will be aligned to give your child adequate time and attention needed for learning at their pace.

*Friday sessions include fun activities for students to socialize*
